# WELCOME TO THE LIBRARY AT HÄSSLEHOLM KULTURHUS

As a student at Norra Station you can get help with your studies at the public library in Kulturhuset. By getting a library card here (or activating the one you already got from Kristianstad) you will have free access to our books, databases, possibilities for searching articles, encyclopaedias and rooms for studying.

Among others we can offer you the following services:

## Information Retrieval

When the library is open there is always a librarian in the information desk who can answer your questions. Every afternoon there is a special student librarian at the information desk on the first floor to guide students in their information retrieval, searching in databases, interlibrary loans etc.

## Mandatory Literature

The University of Kristianstad has placed mandatory literature for each course that is given at Norra Station at the library in Hässleholm. We have both reference material and books for loan on the first floor at the library.

## Databases

You have access to the databases at our library. You will also have full access to the electronic periodicals and the full text databases at the university library by logging in with your personal password to the proxy server at the university home page

## Search Workshops

During terms we offer you search workshops on Mondays between 14 and 16 pm on the first floor at the library without signing up in advance. There is also a student librarian from the library at Kristianstad University ready to offer you his special skills.

## Book a Student Librarian

You can also make an individual appointment with the student librarian to get the help you need with the information retrieval. Ask for this service from the student librarian Helena Götesdotter or make a booking on the library home page.

## Computers

On the first floor at the public library there are two word processors and four Internet computers for students. You can book them for four hours at a time. On the ground floor there are also three public Internet computers that can be booked for half an hour. You book the computers at the reception at the library.

## Studying Places

On the first floor at the library there is a silent reading room and a number of studying places where you can sit alone or in groups. There is also a group room that may be reserved.

## Contact

If you want to get in contact with the student librarian at the public library, Helena Götesdotter, you can mail or phone: [helena.gotesdotter@hassleholm.se](mailto:helena.gotesdotter@hassleholm.se)  
telephone: 0451-26 71 13.

The Contact Librarian for the Department of Engineering at the University of Kristianstad, Lars Persson.  
[lars.persson@bibl.hkr.se](mailto:lars.persson@bibl.hkr.se) tel: 044-20 80 42.

We cooperate with Norra Station: [www.norrastation.nu](http://www.norrastation.nu)  
and the Library of Kristianstad University: [www.hkr.se](http://www.hkr.se).
